Dear Andrew,

On behalf of the Bunge Canada Eastern Packaged Sales Group, I would like to thank you for a wonderful team building experience during our sales meeting at the Millcroft Inn & Spa.

The Scaventure Hunt through the town of Alton was well planned and informative. This team building exercise allowed us to explore and experience the town of Alton and its local residents. It required each group to work together outside of their usual working relationships to solve the puzzles. The sales group has commented that it was lots of fun and challenging both mentally and physically.

We were also impressed with the way you were able to include our theme of driving safely, especially in the winter, into the puzzles.

Thank you again for a truly unique experience.

Sincerely,

Leah Sommerville
